WHO WE ARE

MONIKA

Director and co-founder of Livin'it Azores and Azores Try-Out.

PAULO

Serial entrepreneur and founder of unOffice, the first coworking space in the Azores.

We have passion for creating and developing projects and "making things happen". We support entrepreneurial creation and innovation through organizing training in vast areas for more than 10 years.

We run unOffice - the first co-working space in the archipelago, where we connect people from all over the world. Our latest project "Azores Try-Out" has an aim to connect companies from Europe and North America here in the middle of the Atlantic.

In order to extend the experiences had in the Azores we created a merchandising brand - Livin'it Azores, bunch of the carefully selected and manufactured products.
